① **Notice of Multi-Occupant Allocation Service**

Banner alerting customers of a new solar project allocation. Customers will only see this banner on the first bill after taking service under Multi-Occupant Solar. Also, when you see the notice of a new solar project allocation, your billing period will likely change to match the Solar Project Administrator's billing period. Customers may still choose their preferred bill due date.

Your bill includes charges for electricity and/or natural gas, delivery services, general administration and overhead, metering, taxes, conservation expenses and other items.

② Multi-Occupant Solar Energy Credit

Customers who receive an allocation from a shared solar array through Multi-Occupant Solar will see a financial credit that equals the dollar value of the energy multiplied by the number of exported kilowatt-hours allocated to this account during the billing period. Questions related to total exported energy or allocations should go to the Solar Project Administrator. If the value is zero it means that no solar energy was exported during the billing period.
