

Pioneer Square natural gas construction look-ahead (Week of Sept. 9, 2013)

In conjunction with WSDOT's Alaskan Way Viaduct Replacement Program, Puget Sound Energy's natural gas contractor, Michels Corporation, is relocating PSE's high pressure natural gas pipeline in Pioneer Square. Additionally, InfraSource crews are conducting natural gas remediation activities in the area as tunnel boring progresses. Below is a snapshot of construction activities scheduled for this week:

What to expect

- Michels crews will be installing pipe on Western Ave between Yesler Way and Marion St. Trench back-filling and roadway paving will follow.
- Pipe installation at the intersection of Occidental Ave S and S Main St is complete. Pipe testing may begin as soon as Monday, Sept. 9.
- InfraSource crews will be conducting remediation activities on Western Ave between Madison St and Marion St. Work will take place Sept. 11-13 between 9 a.m. and 3 p.m. Expect parking restrictions.

Michels work hours*

- Between 8 a.m. and 3 p.m. on Yesler Way and between 8 a.m. and 4 p.m. on Western Ave (Mon-Fri)
- Between 7 a.m. and 7 p.m. on Occidental Ave (Mon-Fri)

*Work hours may vary based on location, local events and permitting requirements.

Traffic impacts

- Expect parking impacts near equipment staging areas and in construction zones
- Please follow all posted signs and flaggers
- Bikers and pedestrians should use caution when traveling in construction zones

Safety is our top priority when it comes to designing, constructing, operating and maintaining the natural gas system serving more than 750,000 PSE customers. Thank you for your patience as we work to safely relocate this vital natural gas pipeline in downtown Seattle.
