PUGET SOUND ENERGY
Electric Tariff G**SCHEDULE 50**
LIMITED STREET LIGHTING SERVICE
(Continued)

2. Code A Lights, Service to Be Rendered: The Company will furnish the necessary energy, repairs and routine maintenance work as follows:
- Spot lamp replacement
 - Group lamp replacement as determined necessary by the Company
 - Photocell replacement
 - Cleaning of refractors (excludes replacement)
 - Replacement of fuses located in PSE owned vaults or handholes.
 - All required maintenance in PSE owned vaults.
 - Maintenance of secondary service line from PSE pole or handhole to the customer's Point of Delivery the initial cost of which was paid by the customer in accordance with paragraph 1 above. The Customer shall be responsible for furnishing all maintenance not listed above including maintenance to the Customer owned luminaire, poles, brackets, wiring in/on poles, circuitry and duct.
3. Code B Lights, Service to Be Rendered: The Company shall provide electric energy for lamps of the types and wattages specified above. The Customer shall be responsible for all maintenance including, but not limited to, poles or standards, brackets, luminaires, lamps, ballast, photocells, timing devices, glassware, wiring in/on poles, circuitry and ducts.
4. Notification of Inoperable Lights: For lights where the Company provides routine maintenance, it shall be the responsibility of the Customer to notify the Company of lights that are not working. Upon notification, within seventy-two (72) hours, excluding Saturdays, Sundays and holidays, the Company will investigate and take corrective action if such action is the responsibility of the Company. If such Company investigation/corrective action is not taken within seventy-two (72) hours for each such light, the Customer's billing shall be credited an amount equal to: (i) for Code A Incandescent and Code B Mercury Vapor Lights; the monthly rate per lamp normally billed or (ii) for Code A Mercury Vapor Lights; the monthly rate per lamp for the same wattage under Code B. This seventy-two (72) hour guarantee of service is in lieu of the provisions of Schedule 130 which are not available under this schedule. The Company will be excused from providing maintenance service within seventy-two (72) hours in the event of significant adverse events, such as storms, earthquakes, or other events beyond the Company's control including those enumerated in Schedule 80, paragraph 12.a. of this tariff.
5. Hours of Service: Service under this schedule is for dusk-to-dawn lighting which means lighting service for the average number of hours of darkness per month or approximately 4,200 hours per year.

SCHEDULE 50
LIMITED STREET LIGHTING SERVICE
(Continued)

6. Other Loads on Lighting System: Unmetered service under this schedule shall only be used for the lighting specified in the Monthly Rates section of this schedule. Where installations include provisions for other or additional usage, such as electric outlets (festoon outlets), they must be metered and billed under the appropriate general service schedule.
7. Removal of Lights: The Customer shall notify the Company of all removals of Customer owned lights on a timely basis. This notification shall include lights to be removed from the Customer's billing due to annexation or other transfer to another Customer.
8. Billing Information to Be Provided by the Company: For each type and wattage of light the Company shall provide the total number of lights billed and the total dollar amount for the month by lamp size and type.
9. Audit: The Company may from time to time, at its discretion, audit the Customer's installations. In the event discrepancies are discovered in the audited sample, the Company may audit the entire Customer system. If the audit shows that the Customer has unduly added lights or other lighting facilities without the Company's consent, the audit will be at the expense of the Customer and all lights and lighting facilities not included or included at an incorrect size or type will be billed effective from the first date of connection, if ascertainable, or for the last 3 years, whichever is less. If the audit shows that the Customer has reduced the number of lights or lighting facilities in use, the audit will be at the expense of the Company, and the Customer will get a credit effective from the first date of removal from service.

TREE TRIMMING:

It shall be the responsibility of the Customer to provide tree trimming services in areas that are below the height of luminaires installed under this schedule except when luminaires are installed within the area of energized electrical wires that is restricted to qualified utility workers. The Company shall be responsible for tree trimming within this restricted area.

ADJUSTMENTS:

Rates in this schedule are subject to adjustment by such other schedules in this tariff as may apply.
