

PUGET SOUND ENERGY

The Energy To Do Great Things

Construction Activity Planned for the Week of Nov. 9

PSE may change or reschedule construction activities without notice.

Island County

In Coupeville, electric crews will replace a pole at the 2000 block of South Donna Drive.

In Freeland, electric crews will replace overhead wire with tree wire along Goss Lake Road.

In Greenbank, electric crews will install an overhead transformer at the 800 block of Shoreline Drive.

In Langley, electric crews will replace an overhead transformer at the 3700 block of Bells Beach Road, install an underground line extension at the 3300 block of Saratoga Road, and upgrade an overhead transformer at the 4800 block of Lakeside Drive.

Throughout the entire island, tree crews will clear vegetation away from overhead power lines.

Jefferson County

In Quilcene, electric crews will replace a padmount transformer at the 1600 block of Camp Discovery Road, and replace electrical equipment along Old Coyle Road, north of Blueberry Hill Drive.

Vashon Island

On Vashon, electric crews will replace poles and install overhead conductor along Southwest 240th Street and Wax Orchard Road Southwest. Tree crews will clear vegetation away from overhead power lines along Southwest 247th Street.
