

Some generations pass the torch. Others, the energy efficient light bulb.

Lindy Hansen, a customer service agent in our Bothell office, has been with Puget Sound Energy for 19 years. Sue Mitchell, an agent in Jefferson County, has been with the company 29 years. They're sisters by marriage, and share a family legacy at PSE. Lindy's brother, stepsister, cousin and two uncles—including Jerry Mitchell, a retired foreman of 37 years—all helped make PSE what it is today. And Sue and Lindy proudly carry on the family tradition of providing clean, affordable energy to

customers throughout Western Washington. A lot of families have joined the PSE family during our 135 years here. And along with a deep history, we also have a vision for the future. We've even been named one of the top 10 utilities in the nation by the Solar Electric Power Association. And we'll continue to serve our community while protecting the environment for generations to come. So from all of us, thanks for letting our family provide the energy for yours.
