PSE PUGET SOUND ENERGY

Single Family Residential Electric and Gas Service Application

This application is for modifying existing electric service or requesting new electric service for a single family dwelling on a single parcel. This includes mobile homes, manufactured homes and accessory dwelling units (e.g. mother-in-law apartment).

A site plan must be submitted with the form in order for your project to begin. A hand drawn site plan is acceptable but a CAD drawing is preferred. The CAD drawing may be the Civil Drawings that were submitted for building permits. The site plan should include property lines, roads, building footprint, meter location, and planned location of other utilities (if known). Refer to the guidelines provided on PSE's website for current PSE utility installation standards, requirements, customer responsibilities and site plan/CAD file submittal.

*Fields identified with an * are required for submittal of the application.

ADDITIONAL PROJECT INFORMATION	
Please provide any other pertinent information related to the job:	
Electric Service:	

I understand this application and the information provided herein is official notice to Puget Sound Energy (PSE) to begin all the needed steps to provide you with new electric service. If any of the above information is revised you may be responsible for additional charges related to engineering, construction, or other aspects of providing service. If there is a lack of progress or inactivity on your project and this project is canceled either by you or by PSE, you will be responsible for paying PSE actual costs incurred up to the time of cancellation.

Gas Service:

I understand this application and the information provided herein is a preliminary step to obtain information about natural gas service and that it is not an agreement to use gas or have gas installed. If I decide to have gas installed, a gas contract will be sent for signature and that agreement will be the official notice to proceed with gas installation.

Signature of Party Responsible for Construction Charges (Typed Signature is Acceptable)	*Date

I understand that completing this box constitutes a legal and binding signature confirming that I acknowledge and agree to the above terms. For more information about PSE's privacy policy, please visit https://www.pse.com/pages/privacy
