

November 2009 Puget Sound Energy bill package inserts and information 1.5 million bills

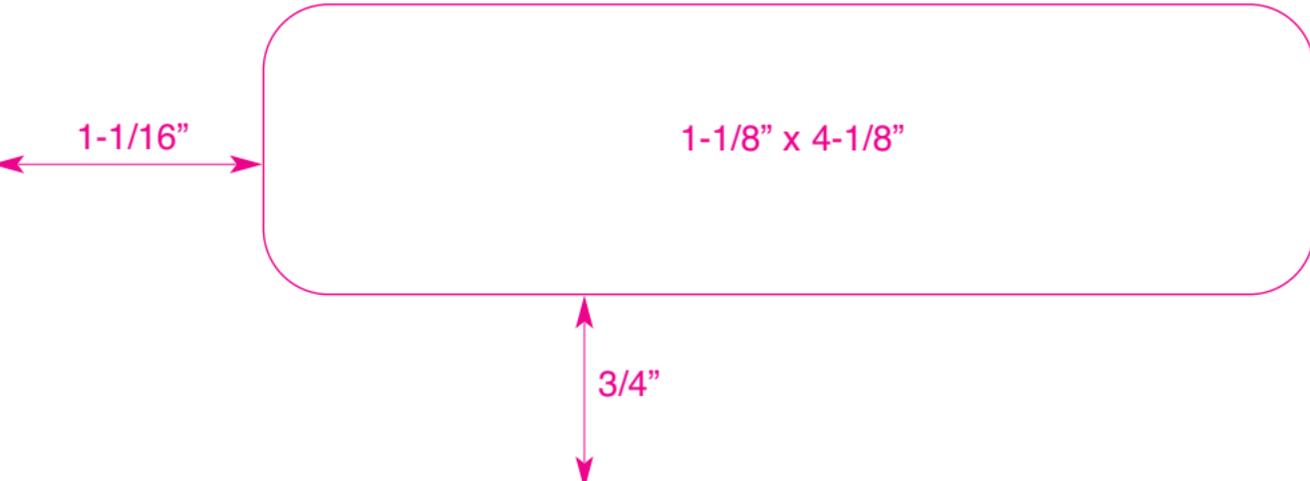

- Outside envelope: For information on PSE's power supply fuel mix, please visit PSE.com
- Return envelope: 811 message; know what's below. Call before you dig.
- Back of bill: Ways to pay your bill; Ways to reach us; Customer service phone number; Bill statement codes; Explanation of terms used; Emergency or power outage phone numbers in English, Spanish, Chinese and Russian; Contact for questions about your bill or service; and Late payment fee information
- EnergyWise Newsletter November/December – Last chance to take advantage of energy-efficiency tax incentives; PSE's Rock the Bulb Tour gives away 500,000 CFLs; Give yourself a gift. Save time and postage with paperless billing and online payments; Bill payment assistance available; Give a gift of warmth; LSE lights make holidays bright; Lower rates, rebates and incentives to help with winter heating bills; We're getting ready for winter weather, here are a few highlights; In Your Community. When we blush, it might just mean turning green; Customer service – guaranteed. Electricity: Power Supply Fuel Mix; Visit our local customer service offices; For more information about rates and your rights and responsibilities, please call or visit us on line at PSE.com
- Bill Print Message
- Insert: Notice of requested rate increase and public hearings.
- Insert: Green Power: Support renewable energy by signing up for PSE's Green Power Program. To join, visit PSE.com/GreenPower or call 1-800-562-1482.
- Insert: Ductless heat pump rebate: A ductless heat pump is a highly efficient heating and cooling system for electrically-heated homes. Call 1-800-562-1482 to see if you qualify for a PSE rebate.
- Insert: Clothes washer rebate: Save water, energy and receive up to a \$100 rebate from PSE for a premium-efficiency clothes washer meeting WashWise program standards.
- Insert: Weatherization rebates: Receive up to \$2,600 in rebates for home weatherization and window upgrades.
- Insert: Refrigerator recycling: Recycle your old refrigerator-get free pickup and a \$30 rebate from PSE.

若欲報告有關煤氣或電力故障，或停電，每天24小時均可致電 **1-888-225-5773**

Чтобы сообщить об аварии, связанной с природным газом или электроэнергией, или о перерыве в подаче электроэнергии, звоните по телефону **1-888-225-5773** круглосуточно

We can translate for other languages. Call **1-888-225-5773**.

Customer Service Guarantees

Appointments: You will receive a \$50 credit on your PSE bill if we do not keep a set appointment to install new or reconnect existing service or inspect natural gas equipment. Exceptions apply during major storms or significant events beyond our control.

Electric service restoration: If your electric service is out for 120 consecutive hours or longer, you may be eligible to receive a \$50 credit on your PSE bill after you report the outage or request the credit within seven days of the outage. Certain conditions beyond our control will cause the guarantee to be suspended.

Questions about Your Bill or Service

If you have questions or concerns or a dispute regarding your energy bill or service, please call us during business hours Monday–Friday, 7:30 a.m. to 6:30 p.m. at 1-888-225-5773 for billing inquiries. Any necessary corrections will be made promptly. If further follow-up is required, ask a PSE Customer Services supervisor to assist you. Every effort will be made to resolve disagreements and misunderstandings. If you are dissatisfied with the resolution, you may contact the Consumer Affairs section of the Washington Utilities and Transportation Commission at 1-800-562-6150 or complete an online complaint form at www.wutc.wa.gov. Copies of information on rules, rates, power supply fuel mix, regulations, customer rights and responsibilities, as well as an annual report, are available by calling 1-888-225-5773 and at PSE.com.

Late Payment Fee

Your bill is due and payable upon delivery. A late payment fee of 1 percent per month will be assessed on balances which remain unpaid for more than 10 business days after the due date on the bill. A 30-day delay of the late fee will be granted to low-income customers who notify PSE that they have applied to a low-income organization for financial aid. Customers participating in the Budget Payment Plan will be exempt from any late payment fee as long as the agreed-upon payment terms are kept current.

Explanation of Terms Used

Basic Charge

The basic charge covers a portion of the costs for billing, meter reading and other related fixed costs. These fixed costs do not vary with the amount of electricity or natural gas used or the number of days covered by the bill.

Delivery Charge

This charge is for the construction, operation and maintenance of natural gas pipes, gate stations, pressure regulators and other equipment necessary for the delivery of natural gas to you, based on the amount of natural gas used.

Electric/Natural Gas Conservation Program Charge

Every customer helps pay for the costs of weatherization and conservation programs.

Energy Exchange Credit

This credit applies to residential and qualified small farm electricity customers only. It is a pass-through of the Federal Columbia River Benefits supplied by BPA. These benefits are from low-cost power generated by federal hydroelectric dams.

kWh

A kilowatt hour is a measure of 1,000 watts of electricity consumed in 1 hour. A 100-watt light bulb consumes 1 kWh of electricity over 10 hours.

Btu Factor

British thermal unit is a measure of heat content. The Btu factor is an adjustment factor based on the actual heat content of the natural gas.

CCF

CCF stands for hundreds of cubic feet, a measure of the volume of natural gas used.

Therm

A therm is a unit of heat that equals 100,000 Btu. A therm is the volume of gas (CCF) that when multiplied by the Btu factor equals 100,000 Btu. A natural gas stovetop burner on for 10 hours would use approximately one therm of natural gas. One therm of natural gas is equivalent to 29.3 kWh of electricity.

Last chance to take advantage of energy-efficiency tax incentives

Time is running out for you to get up to \$1,500 in federal tax credits for energy-efficiency home upgrades. One-time federal-income tax credits under the American Recovery and Reinvestment Act of 2009 are available on your 2009 tax return for qualifying home improvements placed into service between Jan. 1 and Dec. 31, 2009.

In addition to tax credits, you may also qualify for energy-efficiency product or service rebates from PSE — all this on top of the energy savings you'll achieve for years to come. PSE encourages homeowners to upgrade windows, doors, insulation and heating equipment to save energy, lower utility bills and help the environment.

For more information on PSE rebates, visit PSE.com. For a complete list of home improvements that qualify for tax credits, and the requirements for each category, visit the U.S. Department of Energy's Web site at

Rebate amounts available until Dec. 31, 2009

In addition to the rebates below, customers may be eligible for up to \$1,500 in federal tax credits.

Part of home	Equipment/upgrade	Rebate
Efficient appliances	Lighting fixtures	\$2-20
	Clothes washers	\$50-100
Efficient upgrades	Insulation	\$100-1,600
	Windows	\$1,000
Natural gas heating*	Natural gas furnace	\$350
	Natural gas water heater	\$50-150
	Stand alone natural gas water heater conversion	\$950
	Natural gas conversion	\$500-\$3,950
Electric heating upgrades*	Air source heat pumps	\$200-350
	Ductless heat pumps	\$1,200
Total available per household		\$7,000

* Typically customers would only select one or the other.

www.energystar.gov and click on the "Tax Credits for Energy Efficiency" tab at the bottom of the page.

For tax purposes, also consult with your tax professional and equipment contractor to determine what will qualify for the tax credit.

PSE's Rock the Bulb Tour gives away 500,000 CFLs

PSE's four-month Rock the Bulb Tour-Unplugged was a great hit with our residential electric customers who took home 500,000 compact fluorescent light bulbs (CFLs). This brings PSE's total number of CFL bulbs distributed since 2002 to 11 million, saving customers \$440 million in energy costs over the lifetime of their bulbs.

By replacing incandescent bulbs with CFLs, customers helped save 13.2 million kilowatt hours of electricity in just one year.

And, because saving energy helps the environment, those bulbs will also prevent 14.5 million pounds of CO² emissions annually.

Thank you to all the energy-saving PSE rock stars that participated!

Puget Sound Energy 1-888-225-5773 • PSE.com • Manage your account and pay online.

Give yourself a gift Save time and postage with paperless billing and online payments

When you sign up to receive and pay your energy bill online, you can choose recurring and one-time payment options. Log on to PSE.com and register for "My PSE Account" to monitor your daily energy use and pay your bills online. Each month, instead of a paper bill, you'll receive an email notification that a new bill is ready to view and be paid. Look for the "Go Paperless" option when you sign in to "My PSE Account" when you log on.

Bill payment assistance available

With the current economic crisis, we want to help ensure our customers have access to energy assistance and bill payment programs.

We urge qualified low income customers to contact their local energy-assistance agency to apply for bill-payment credits provided by the federal government and PSE. During the 2008-09 heating season, the federal LIHEAP (Low Income Home Energy Assistance Program) assisted 35,000 PSE customers. In addition, our own HELP (Home Energy Lifeline Program) assisted 31,000 customers. Call toll free 1-866-223-5425 for the nearest agency.

LED lights make holidays bright

This holiday season, make the switch and decorate your tree and home with light emitting diode (LED) lighting.

Because ENERGY STAR-rated energy-efficient LED lights use about one-tenth the amount of electricity as mini lights, you can celebrate the holidays with all the light of years past, but with substantially reduced energy use. LEDs last much longer than traditional bulbs, plus they are safe and cooler to the touch. Made of plastic, they're also extremely durable for outdoor use. Look for strings of LED lights in retail stores, and give the gift of energy efficiency this holiday season.

Give a gift of warmth

Winter's cold months can be difficult for many in our area who may struggle to stay warm. Consider donating to The Salvation Army Warm Home Fund, which provides short-term, emergency bill-payment assistance to PSE customers facing financial difficulties. To donate to the Warm Home Fund, simply include a little extra in your next PSE bill payment, and check the donation box on your payment stub or online payment page. We transfer all donations directly to The Salvation Army Warm Home Fund.

Lower rates, rebates and incentives to help with winter heating bills

The chill of winter's cold will be eased this year by a decrease in natural gas prices with PSE residential customers seeing their monthly bills rolled back to 2005 levels. The average customer's bill has dropped by nearly 18 percent compared to a year ago. With approval by the Washington Utilities and Transportation Commission, natural gas rates have gone down twice this year. In October, natural gas rates were reduced 16.1 percent (or \$14.88 per household each month) preceded by a 1.8 percent decrease that took effect June 1. The lower rates reflect a reduction in the wholesale price of natural gas.

PSE customers can also save this winter by taking advantage of the utility's rebates and programs for insulation, natural gas furnaces and water heaters, heat pumps, and lighting.

Now also is a good time for PSE electric customers to take advantage of these lower rates to convert from electricity to natural gas for their home and water heating. For a limited time, PSE is offering rebates up to \$500 for buying ENERGY STAR®-qualified natural gas furnaces and water heaters and incentives up to \$4,450 for switching a home's electric heating equipment to natural gas. We also have information on financing options for customers who wish to extend a natural gas main to their home.

Please visit PSE.com or call a PSE Energy Advisor at 1-800-562-1482, Monday through Friday, to learn more about quick and easy savings tips, and incentives for energy efficient appliances and major home upgrades.

We're getting ready for winter weather

Forecasters predict an easier winter for Western Washington this year, thanks to El Niño — a weather pattern that usually means less cold and wet weather from now until spring. However, meteorologists also caution that even typical El Niño winter can pack a punch. The winter of 2006-2007 provides a vivid example. Despite El Niño conditions, that storm season began with a non-stop, six-week barrage of wild weather, from record November flooding, to heavy early December snow and then the devastating Hanukkah Eve storm.

PSE employees and crews work year round to help ensure safe and reliable energy delivery during any season and especially during extreme weather conditions, such as fierce wind storms and cold weather.

We're also working closely with agencies and governments in coordinating plans for possible flooding of the Green River Valley in King County due to the reduced water-storage capacity at the Howard Hanson Dam.

Here are a few highlights:

- ◆ 54 power line crews — each crew includes at least two people — always available to respond to an outage
- ◆ 78 PSE service linemen who assess damage to the electric system and identify needed crews
- ◆ 25 tree crews available to clear trees away from downed power lines
- ◆ Cleared tree limbs and trees away from 2,000 miles of power lines
- ◆ Replaced 500 poles
- ◆ Upgraded or replaced 16 miles of high pressure natural gas pipe
- ◆ Installed 138 miles of new or upgraded transmission lines

When storms or floods hit, PSE customers can get the latest information on PSE.com, including a Service Alert Map showing the impact of severe weather, and a new online outage reporting tool. In addition, TakeWinterByStorm.org provides a helpful winter preparedness checklist. Be sure to follow PSETalk on Twitter for ongoing news and updates and share your photos with images of PSE crews at work at <http://www.flickr.com/groups/psepictures>.

In Your Community

When we blush, it might just mean turning green

Our focus on customer service, commitment to the environment and long-standing dedication to community involvement has earned many honors. Recent recognition includes:

- ◆ 2009 Utility Green Power Provider of the Year granted by the Center for Resource Solutions, Department of Energy and Environmental Protection Agency (EPA) recognizing our nearly 25,000 customers who participate in the Green Power Program
- ◆ Winner of *Seattle Business* magazine's "Green Washington Awards" for benefiting the Northwest's environment and economy with our energy efficiency programs and renewable energy development
- ◆ Steward of America's Waters for our fish-migration systems on Skagit County's Baker River
- ◆ Natural Gas STAR Continuing Excellence award from the EPA
- ◆ EPA ENERGY STAR partner of the year

- ◆ LEED Gold certification by the U.S. Green Building Council for both our Renewable Energy Center at the Wild Horse Wind and Solar Facility, and our Skagit Service Center
- ◆ Institute of Electronics and Electrical Engineers (IEEE) award for support for engineering efforts in Western Washington
- ◆ Tree Line USA utility recognition by the Arbor Day Foundation award for outstanding tree-care efforts
- ◆ Best Large Utility award from the Northwest Solar Center
- ◆ 2009 Corporations for Communities Honorable Mention by the Washington Secretary of State

Thanks to our customers who help make these great programs possible.

Customer service — guaranteed

PSE makes two service guarantees to you. First, we commit to keeping scheduled appointments, and second, we commit to restoring power outages as soon as we can.

Here's how our guarantees work:

- ◆ If we don't keep an appointment to install new service, reconnect existing service, or inspect natural gas equipment, you'll receive a \$50 credit on your PSE bill.
- ◆ If your electric service is out for 120 consecutive hours or longer, you may be eligible to receive a \$50 credit on your PSE bill.

The two service guarantees are in addition to 10 service-quality measures that track PSE's performance in providing utility services to customers, and identify areas for improvement. Our service guarantees are subject to certain conditions and may be suspended during unusual and exceptional circumstances. For more information, visit PSE.com/guarantees.

Visit our local customer service offices

November bill print messages

Bill-print message for residential electric bi-monthly billing cycle

Your electric bill this month reflects a Washington Utilities and Transportation Commission approved Oct. 1 reduction in the federal Energy Exchange Credit and a slight UTC approved increase in the monthly charge PSE customers pay into an energy-assistance fund for low-income households.

Bill-print message for non-residential electric bi-monthly billing cycle

Your bill this month reflects a Washington Utilities and Transportation Commission approved Oct. 1 slight increase in the monthly charge PSE customers pay into an energy-assistance fund for low-income households.

Bill-print message for service addresses in City of Yelm, through Nov. 21

The October 20, 2009 change in rates is the result of a change in the rate of the City of Yelm's city tax. The city tax rate on your bill has changed from 4.17% to 6.25%. These rates include the effect of state and local taxes on the city tax and deductions allowed by the city.

NOTICE OF REQUESTED RATE INCREASE AND PUBLIC HEARINGS

Proposed rate increase

On May 8, 2009 Puget Sound Energy filed a general rate case with the Washington Utilities and Transportation Commission (UTC), requesting an increase across all customer groups. The initial filing was updated for a total revenue increase request of \$30.4 million, or 2.5 percent, in natural gas revenue and an increase of \$154 million, or 7.7 percent, in electric revenue.

The electric revenue request (see pie chart) would recover costs for purchasing new electric generation resources, including the \$240 million Mint Farm power plant acquired in December 2008 and an expansion of PSE's Wild Horse wind generation facility, with the balance attributed to investments in electric-system infrastructure and power-supply costs.

The bulk of the natural gas revenue request (see pie chart) can be attributed to recovering 2008 expenditures for infrastructure investments to improve reliability and serve new customers.

Public hearing dates and locations

Dec. 7, 2009 6-7:30 p.m. Bremerton	Dec. 10, 2009 6-7:30 p.m. Kirkland	Jan. 19, 2010 noon-1:30 p.m. Olympia
Norm Dicks Government Center 345 6th Street - Suite 600	Lake Washington Technical College Auditorium 11605 132nd Ave N.E.	Washington Utilities and Transportation Commission 1300 S. Evergreen Park Dr. S.W.

You are invited to comment on Puget Sound Energy's requested rate increase. The Washington Utilities and Transportation Commission will hold three public hearings on this rate request.

You may comment in person at a public hearing or, for convenience, use the online comment form at <http://www.utc.wa.gov/comment>.

Please reference docket numbers UE-090704 (electric) and/or UG-090705 (natural gas). (See the other side for all the ways you can comment.)

Mint Farm natural-gas fired power plant.

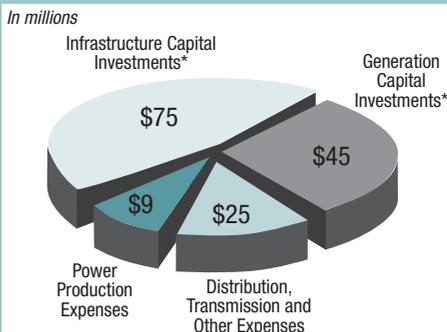

PSE installed or replaced 220 miles of natural gas pipelines in 2008.

General rate case information

A general rate case is the legal proceeding in which the UTC will examine a utility's operations and costs to ensure regulated companies provide safe and reliable service to customers at reasonable rates, while allowing the utilities the opportunity to earn a fair return on equity, or profit.

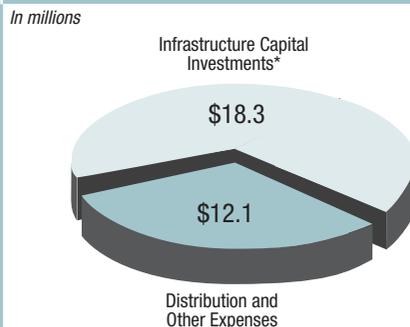

The UTC staff, the Public Counsel of the Office of Attorney General, PSE and eight other parties with an interest in the case also are participants.

Components of electric revenue request

*Includes return to shareholders on infrastructure and generation investments totaling \$19.1 million for electric and \$7.4 million for natural gas.

Components of natural gas revenue request

The UTC has the authority to approve rates that are higher or lower than PSE's request. New rates will become effective upon completion of the UTC's 11-month investigation, expected in April 2010.

Effects on residential customers

The monthly bill effect of the general rate increase for the typical residential electric and for the typical natural gas customer is shown in this chart. Individual rate schedules will see a greater or lesser increase than what is shown, depending on the amount of usage. Most electric and all natural gas customers are billed monthly. Some electric customers are billed every other month.

Electric service	Current bill	Proposed, effective April 2010
Kilowatt-hour charge for 0 – 600 kWh ⁽¹⁾	7.8204¢	8.5512¢
Kilowatt-hour charge for >600 kWh ⁽¹⁾	9.6013¢	10.4872¢
Basic charge	\$7.00	\$7.59
Total bill at 1,000 kWh per month⁽³⁾	\$92.33	\$100.85

Natural gas service	Current bill	Proposed, effective April 2010
Therm charge for all therms ⁽²⁾	\$1.00454	\$1.03199
Basic charge	\$10.00	\$10.82
Total bill at 68 therms per month⁽³⁾	\$78.31	\$81.00

(1) Current and proposed electric rates shown above represent all per kWh charges.

(2) Current and proposed natural gas rates shown above represent all per therm charges.

(3) PSE residential customers use an average 1,000 kWh and 68 therms per month.

Summary of requested rate increases

Overall revenue increase: \$30.4 million / 2.5%				
Natural Gas Schedule	Type of Service	Current Average Rate per Therm	Proposed Average Rate per Therm	Percent Change
23	Residential	\$1.2374	\$1.2771	3.2%
31	Commercial & Industrial	\$1.1390	\$1.1710	2.8%
41	Large Volume	\$0.9488	\$0.9579	1.0%
85	Interruptible	\$0.8071	\$0.8109	0.5%
86	Limited Interruptible	\$0.9218	\$0.9218	0.0%
87	Non-exclusive Interruptible	\$0.7564	\$0.7611	0.6%
41T	Large Volume Transportation	\$0.2076	\$0.2167	4.4%
85T	Interruptible Transportation	\$0.0976	\$0.1017	4.2%
87T	Non-exclusive Interruptible Transportation	\$0.0431	\$0.0466	8.1%
16	Gas Lighting	\$1.5057	\$1.5609	3.7%
53	Propane	\$3.5175	\$3.5648	1.3%
61	Standby & Auxiliary Heating	\$0.1000	\$0.1100	10.0%
	Special Contracts	\$0.0466	\$0.0482	3.4%
71, 72, 74	Rentals	-	-	2.5%

Overall revenue increase: \$154 million / 7.7%				
Electric Schedule	Type of Service	Current Average Rate per kWh	Proposed Average Rate per kWh	Percent Change
7	Residential	9.249¢	10.115¢	9.4%
24	Secondary Voltage (50 kW or less)	9.342¢	9.950¢	6.5%
25	Secondary Voltage (over 50 kW to 350 kW)	8.748¢	9.128¢	4.3%
26	Secondary Voltage (over 350 kW)	7.878¢	8.562¢	8.7%
29	Seasonal Irrigation & Drainage Pumping	7.970¢	8.340¢	4.6%
31	Primary Voltage General	7.870¢	8.382¢	6.5%
35	Primary Voltage Irrigation	5.517¢	5.876¢	6.5%
43	Interruptible Total Electric Schools	8.368¢	8.913¢	6.5%
40	Campus Rate	6.585¢	7.176¢	9.0%
46	High Voltage Interruptible	5.971¢	6.487¢	8.6%
49	High Voltage General	6.224¢	6.764¢	8.7%
50-59	Lighting (Area & Street)	19.846¢	21.138¢	6.5%
449/459	Choice/Retail Wheeling	0.302¢	0.328¢	8.6%

Note: The figures above represent averages by rate schedule including the basic charge. Natural gas transportation and electric choice/wheeling customers have rates that are significantly less than the average rates for other schedules because, in part, these customers receive only delivery or transportation services.

Public comment

To comment to the UTC on PSE's requested rate increase:

- in person at one of three public hearings (outlined in this notice)
- via UTC Web form: <http://www.utc.wa.gov/comment>
- by email at: comments@utc.wa.gov
- in writing: **UTC**
P.O. Box 47250
Olympia, WA 98504-7250
- by fax at: **360-664-4291**
- by telephone at: **888-333-WUTC (9882)**

Please reference docket numbers: UE-090704 (electric) and/or UG-090705 (natural gas) in your comment.

If you have questions about the UTC's process, please contact the UTC using one of the above methods.

- Refrigerator recycling (\$30 rebate and free pickup)
- Heat pump (up to \$1,200)
- Insulation and duct sealing (up to \$1,600)
- Window upgrade (up to \$1,000)

*Rebate amounts valid until 12/31/09.

Take comfort in your home year round

Most homes built before 1980, and/or still using single-pane windows, can significantly improve their ability to retain heat and save energy with insulation or energy-efficient window upgrades. Kick start the savings with up to **\$2,600** in rebates from Puget Sound Energy and up to **\$1,500** in federal tax credits.

To learn more, complete and return the form on the back, visit PSE.com/ForYourHome or call a PSE Energy Advisor at 1-800-562-1482, Monday through Friday, 8 a.m. to 5 p.m.

Floor insulation: PSE pays 50% of the cost, up to \$400

Attic insulation: PSE pays 50% of the cost, up to \$400

Wall insulation: PSE pays 50% of the cost, up to \$400

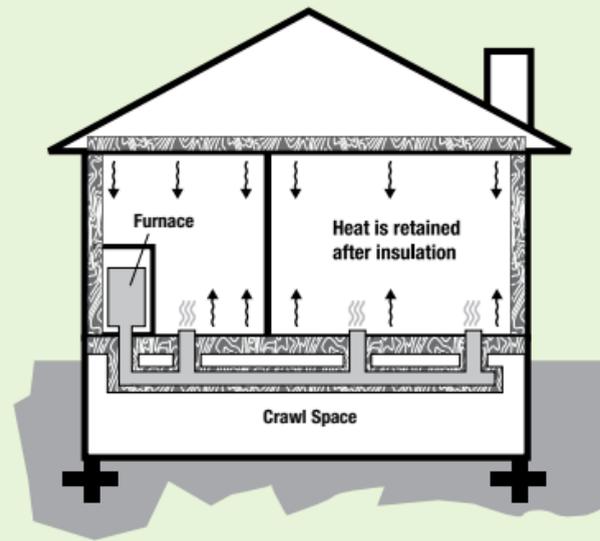

Duct insulation: PSE pays 50% of the cost, up to \$200

Duct sealing: PSE pays 50% of the cost, up to \$200

Window upgrade: PSE pays up to \$1,000 per home

General Qualifications:

PSE customers living in a building with four units or fewer, heated mainly by electricity or natural gas. Insulation work must be completed by an independent contractor pre-authorized by PSE.

Insulation and windows are like a protective wrap for your home, holding in the winter warmth and blocking out the summer sun.

PSE rebate amounts valid until 12/31/09.

PUGET SOUND ENERGY

The Energy To Do Great Things

Save money. Save energy. Save the hassle.

Don't hold on to that old fridge or freezer, not when it uses up to four times the energy of newer models. Puget Sound Energy will give you a \$30 rebate, JACO Environmental will haul it away and recycle it free of charge, and you can save up to \$140 a year in energy costs. It couldn't be easier!

Call 1.877.577.0510 or visit jacoinc.net for FREE pickup.

PUGET SOUND ENERGY

The Energy To Do Great Things

Recycle your old refrigerator or freezer – get free pickup and a \$30 rebate from PSE

Call 1.877.577.0510 or visit jacoinc.net to schedule your FREE pickup.

Looking for other ways to use energy wisely? Call a PSE Energy Advisor at 1.800.562.1482 (Mon. - Fri., 8 a.m. - 5 p.m.) to learn more about PSE's energy-efficiency rebate programs and PSE's Green Power Program.

This offer is only available to PSE residential electric customers. This offer is limited to two units per residential address. The unit must be owned by the rebate recipient, be in working condition, and measure ten cubic feet or more. This is a limited-time offer that will end when funds are exhausted. A rebate check will be mailed four to six weeks after the pickup of your unit(s).
