

The latest news on what's powering our neighborhoods

## The myPSE app—be in the know during power outages

The myPSE app goes beyond accessing your account and paying your bill. It's a vital resource in the event of winter outages. Track and report power outages in your neighborhood, check on restoration times, and get text updates.

## Explore the newest EV models with PSE's Electric Vehicle Guide

More than a dozen new electric vehicle models are expected to hit the market in 2022 – including long-awaited electric trucks – which means even more options for saving money and helping the planet by going electric.

Use the Electric Vehicle Guide from PSE Up & Go Electric to:

- Browse and compare the newest EV models to find the one that best fits your lifestyle.
- Calculate how much you can save through reduced fuel and maintenance costs.
- Find available federal and state rebates on EVs and home charging equipment.

Explore our Electric Vehicle Guide at [pse.com/evguide](https://pse.com/evguide).

## We maintain our pipelines; you maintain yours

Some buried natural gas piping, such as piping to pools, hot tubs, barbecues, and detached buildings, is owned by you. We own and regularly inspect the pipeline to your gas meter, but maintaining buried lines on your side of the meter is your responsibility. If your piping is not maintained, it may leak or corrode. Have a licensed plumbing contractor do the inspection and any needed repairs.

## Difficulty paying your bill?

Set up a payment arrangement to make smaller weekly, bi-weekly, or monthly payments, which will help you manage your energy costs and keep your account in good standing.

Learn more: Log in to your account at [pse.com/login](https://pse.com/login) or call customer service at 1-888-225-5773.

We stand behind our service to you. We constantly track our performance and use your feedback to make improvements. We'll credit your bill if we fail to meet our service guarantees.
