Local engagement

Your local PSE outreach team works with residential, commercial and industrial customers as well as government agencies and other community partners to connect them with PSE programs to save energy and reduce carbon emissions.

In 2021, we awarded a Green Power Solar Grant to the Boys & Girls Clubs of South Puget Sound to install a 36kw solar array.

Events

We are proud to participate in local events including the Resource Fair for Bainbridge Island Community Senior Center and island residents. In addition, we make dozens of presentations to organizations ranging from staff meetings to city councils to home owner associations.
