Local engagement

Your local PSE outreach team works with residential, commercial and industrial customers as well as government agencies and other community partners to connect them with PSE programs to save energy and reduce carbon emissions.

In 2021, highlights include the installation of a Community Solar project on Olympia High School, and working with the Hands On Children's Museum to recycle old appliances.

Events

We are proud to participate in local events including Give Local and Oly on Ice. In addition, we make dozens of presentations to organizations ranging from staff meetings to city councils to home owner associations.

TOGETHER, we're creating a clean energy future for all.

PSE is committed to creating a clean energy future for customers and neighbors across the region. Thank you for caring for your home and community by building better, using less energy and maximizing our programs and products every day. We're doing our part by investing in innovative solutions to reduce carbon emissions so that we can continue to provide safe, clean and reliable energy. Thanks for doing your part!
