

PSE Up & Go Electric for Multifamily

Install EV charging for your tenants at low or no cost

Prepare for the future of transportation with PSE Up & Go Electric for Multifamily. We'll help qualifying apartment buildings, condos and other multifamily properties attract new tenants and keep the ones they have by covering up to 100 percent of the costs to install and maintain electric vehicle charging equipment.

Choose from two incentive options

With Up & Go Electric for Multifamily, let PSE handle all aspects of designing and installing your new EV chargers. Or, design and manage the project yourself.

PSE-owned turnkey service

- PSE covers 100 percent of installation and maintenance costs up to \$10,000 per Level 2 charging port.
- PSE coordinates equipment purchasing, site design, construction and inspection to save you time and money.
- PSE covers all operational and maintenance needs for 10 years.

Customer-owned option

- PSE covers up to 50 percent of installation and upgrade costs up to \$2,000 per Level 2 charging port.
- Site host designs and manages purchasing, installation and maintenance of all charging equipment.

Empower Mobility incentives for low-income and Tribal housing providers

Multifamily properties that house Tribal communities or where at least 50 percent of the units are occupied by low-income tenants are eligible for higher incentives for charging equipment, as well as vehicle incentives through Empower Mobility from Up & Go Electric.

Empower Mobility incentive details

- PSE-owned turnkey service: PSE covers 100 percent of installation costs up to \$10,000 per Level 2 charging port.
- Customer-owned option: PSE covers 100 percent of installation costs up to \$4,000 per Level 2 charging port.
- Both: PSE fully covers line extension costs for customers who need a new transformer to accommodate charger installation.

Empower Mobility EV incentives for shared mobility

Set up a shared mobility program at your property with the help of Empower Mobility. PSE will provide up to \$7,500 per property for either:

- One light-duty EV
- Multiple electric bicycles, scooters, wheelchairs or other non-road EVs (up to \$1,000 per vehicle)

Program eligibility

To participate in Up & Go Electric for Multifamily, you must own or manage a multifamily property with five or more attached units with shared parking and an electric house or common meter and be a current PSE electric account holder.

To qualify for Empower Mobility incentives for low-income and Tribal housing providers, you must be a public or Tribal housing authority. Or, demonstrate at least half your property's units house low-income residents and the chargers and/or EVs will directly benefit those residents.

Visit pse.com/multifamilycharging for more eligibility requirements.

How it works

	PSE-owned turnkey service	Customer-owned option
Apply: Describe your project and eligibility	✓	✓
Evaluate: We'll assess your project and site	✓	✓
Accept: Accept PSE's incentive offer and sign the service agreement	✓	✓
Purchase: Purchase your EV charging equipment		✓
Install: We'll handle the design, installation and inspection process	✓	
Install: Install your EV charging equipment		✓
Fund: You'll only receive an invoice if your project exceeds the incentive limit*	✓	
Fund: You'll receive your funds upon submitting receipts for equipment and installation*		✓
Set up: PSE's Welcome Toolkit provides tips for promoting and managing your chargers	✓	✓
Report: Survey residents about charging preferences annually or as requested by PSE	✓	✓

*Recipients of Empower Mobility incentives for low-income and Tribal housing providers will receive incentives up front. If your project exceeds the incentive limit, we'll notify you before completing the work.
