

2021 INTEGRATED RESOURCE PLAN

Appendix A Table 3

PSE is following methodology from the International Association of Public Participation (IAP2) for implementing its 2021 IRP public involvement process. PSE will utilize its website pse.com/irp to inform stakeholders of IRP progress at key decision points. The table below includes topics where PSE will consult and involve stakeholders to provide input on certain IRP components. Select inform topics are also included. Dates are provided through mid-August. This table and the website pse.com/irp will be updated as the IRP process progresses. PSE encourages stakeholders to visit the website regularly.
