**RE: Dockets UE-200304 and UG-200305
2021 Integrated Resource Plan Work Plan Revision
Updates to Appendix A**

Dear Mr. Johnson:

Attached please find an update to the Public Participation Plan ("Appendix A") for Puget Sound Energy's ("PSE's") 2021 Integrated Resource Plan ("IRP") Work Plan. It is filed pursuant to the IRP rules under WAC 480-90-238(4), (5) and WAC 480-100-238(4), (5).

This filing supersedes and replaces Table 3 of Appendix A filed on April 1, 2020, which provided a general schedule without specific meeting dates and times. This filing includes meeting dates for feedback webinars and online meetings through August 2020.

PSE has developed a new 2021 IRP website at pse.com/irp, which will provide a robust platform for our stakeholders to engage with us. The website will be updated throughout the 2021 IRP process to inform stakeholders of IRP plan components as they are developed, request feedback from stakeholders at key decision points, and consult with stakeholders to gain their input. PSE encourages stakeholders to visit the website regularly.

PSE will continue to publish meeting schedule updates on pse.com/irp and will file an addendum to the Work Plan as needed. PSE appreciates the patience of the Commission, its staff and other stakeholders as we transition to an approach from the International Association of Public Participation (IAP2) for designing and implementing effective public involvement processes. The 2021 IRP is PSE's first IRP to implement the IAP2 framework.
