

My PSE Energy Efficiency Pledge

I pledge to take at least three of the following actions to improve energy usage in my home. Making this commitment will have a positive impact in reducing my carbon footprint resulting in a healthier environment.

- Replace incandescent bulbs inside and outside my home to ENERGYSTAR[®] qualified LED -light-emitting diode.
<https://www.pse.com/rebates/energy-saving-tips/led-is-best>
- Turn down the temperature on your water heater to 120 degrees Fahrenheit.
<https://www.pse.com/rebates/water-heating/heat-pump-water-heater-rebate>
- Clean the lint filter every time you use your dryer.
<https://www.pse.com/rebates/appliances/fridge-and-clothes-washer-rebates>
- Check your furnace filter monthly and at a minimum change your filter every 3 months.

- During the heating season keep thermostat set at 68 degrees Fahrenheit when you're at home and lower 7 to 10 degrees Fahrenheit when you're asleep or away.
<https://www.pse.com/rebates/smart-thermostat>
- Check your windows and outside doorways to prevent drafts. Place door sweep at bottom of doorway and make sure windows are completely closed.
