

PSE project update

Green Lake-area road restoration work

February 12, 2020

Dear Neighbor,

Puget Sound Energy was recently in your area replacing portions of the underground natural gas main. Now that the natural gas work is complete, a contractor crew from AA Asphaltting, Inc. has been working to restore the impacted roadway and/or sidewalk in coordination with the Seattle Department of Transportation's Green Lake and Wallingford Paving and Multi-Modal Improvements project.

We're committed to completing our work safely and efficiently, and our crews will do their best to reduce impacts to you and your neighbors. Please see below for the status of current PSE restoration work.

Project details

Who: Contractor crews from AA Asphaltting, Inc.

What: Patching the roadway in preparation for SDOT's final road restoration work

When: Work is currently taking place and expected to last through August 2020

Typical work hours are Monday through Friday, 9 a.m. – 3 p.m.

**This schedule is weather dependent; work may need to be postponed in rainy, cold or otherwise unfavorable weather*

Road and sidewalk restoration schedule

Our crews are actively working on road restoration in your area. Please see the map on the reverse side of this letter for more details on restoration status and approximate scheduling.

If you have questions about this project, please contact me at the information listed below and reference project **#109107231**. Thank you for your continued patience while we work to complete this project.
