

Community Meeting

PSE Reliability and Vegetation Management Program

Puget Sound Energy invites you to an open house community meeting to discuss our plans for vegetation management to improve electric service reliability on Whidbey Island. Our plans include surveying PSE easements in late January 2010 and tree trimming and removal in March 2010.

Refreshments and information provided

Thursday, Jan. 21, 2010

5 to 6:30 p.m.

Living Word Fellowship

490 NW Crosby Ave., Oak Harbor
