PUGET SOUND ENERGY

Lighting to Go

Energize your business with PSE discounts* on LED lighting

Welcome to the Puget Sound Energy (PSE) Lighting to Go program. The program is an important part of our efforts to encourage the use of energy-efficient LED lighting. By partnering with us as a participating distributor, you help protect the climate and reduce strain on the grid.

Subject to the following requirements:

- Discounts cannot exceed 90% of the products' regular retail cost.
- Retrofit projects only (i.e., Discounts are only available for existing structures; new construction projects are not eligible).
- Installation address must have an active PSE commercial electric account.
- Products receiving a discount through the Lighting to Go program are not eligible to receive discounts through other utility programs.
- Product quantity limits are per fixture type, including all SKUs or product numbers in the same fixture type to a unique business address within the same business day.
- Recessed downlights must be ENERGY STAR® listed.
- All lamps and fixtures must be DLC listed.
- All incentive claims must be submitted within 90 days of the equipment sale date.

Table 1 – PSE Approved Lamp Measures
