

Electric space heat rebates

Thank you for your commitment to energy efficiency

If you have questions about the rebate application, you can:

- Contact an Energy Advisor at 1-800-562-1482 Monday through Friday 8 a.m. to 5 p.m.
- Review rebates qualifications by category at pse.com/rebates

General qualifications

- You must be a current PSE single-family¹ residential electric customer. Single-family new construction, multifamily (five or more attached units) and commercial accounts are not eligible.
- Equipment installed in manufactured homes must apply on a different rebate application. Please visit pse.com/rebates/manufactured-homes.
- Customers with existing natural gas forced air furnaces or natural gas boilers are not eligible for heat pump conversion rebates.
- Rebate application must be submitted within 30 days of purchase.
- Rebates only available on new, qualifying equipment.
- Equipment that is replaced under warranty will not be eligible for second rebate.
- One rebate per qualified single-family residence.
- Cannot be combined with any other rebates except where noted.
- Must install to comply with all federal, state and local code requirements.
- Rebate cannot exceed the pre-tax purchase price of any rebated product.
- Homes or accessory dwelling units (ADUs) with existing heat pumps are not eligible for a conversion rebate.

Zonal electric resistance to ductless heat pump conversion

- Your primary and current heating system must be zonal electric resistance to qualify. This includes: baseboard, cable, wall heater, or electric hydronic systems.
- Your new ductless system must be AHRI Certified® as a mini-split heat pump, use inverter technology, and be a minimum of 3/4 ton in heating mode
- It must have an HSPF of at least 9.0 or an HSPF2 of at least 8.6. For units that have both HSPF and HSPF2, the HSPF rating will be used to determine eligibility.
- At least one indoor head must be installed in the main living area of the home; bedroom only installations do not qualify.
- To qualify for a rebate, ADUs must be occupied full time, must be an additional living area independent of the primary dwelling unit (with no venting from the primary dwelling) and must include a fully functioning kitchen and full bathroom.

Electric forced-air furnace to ductless heat pump conversion

- Your primary and current space heating system must be an electric forced-air furnace.
- Your new ductless heat pump system must be AHRI Certified® as a variable speed mini-split and multi-split heat pump, use inverter technology, and be a minimum of ¾ ton in heating mode.
- It must have an HSPF of at least 9.0 or an HSPF2 of at least 8.6. For units that have both HSPF and HSPF2, the HSPF rating will be used to determine eligibility.
- At least one indoor head must be installed in the main living area of the home; bedroom only installations do not qualify.

Electric forced-air furnace to air-source heat pump conversion

- Your primary and current heating system must be electric forced-air to qualify.
- Your new traditional heat pump system must be AHRI certified with an HSPF of at least 8.5 or HPSF2 of at least 7.5. For units that have both HSPF and HSPF2, the HSPF rating will be used to determine eligibility.

Fill out your account, name, address and home information

Account # (where equipment is installed)				Name (check payable to)			
Address (where equipment is installed)				City		State	Zip
Mailing address				City		State	Zip
Email address (customer/account holder)				Phone # (customer/account holder)			
Single-family home		Yes	No*	Year home was built _____		Install date: _____	
Heating fuel type prior to rebate		Electric	Natural gas	Propane	Wood	Oil	
Heating equipment prior to rebate		Baseboard	Cable	Wall heater	Electric hydronic		
		Heat pump	Ductless heat pump	Forced-air furnace	Boiler		
Did your previous heating equipment include air conditioning?				Yes	No		

* Manufactured and mobile home customers must apply on a different rebate application. Visit pse.com/rebates/manufactured-homes.

Select the rebate product(s) you are applying for and enter product information

Product and installation information (required)	
Zonal electric resistance to ductless heat pump conversion (\$800)	Zonal electric resistance to ductless heat pump conversion w/Efficiency Boost (\$2,400)*
Electric forced-air furnace to ductless heat pump conversion (\$800)	Electric forced-air furnace to heat pump conversion w/Efficiency Boost (\$2,400)*
Electric forced-air furnace to air-source heat pump conversion (\$1,500)	

*PSE's Efficiency Boost program provides increased rebates for income-qualified customers. To learn more and see if you qualify, call an Energy Advisor at 1-800-562-1482 or visit pse.com/boost. If qualified, submit your [income qualification form](#) with this form to receive your higher rebate.

Product information and AHRI certificate		
Indoor heat pump model number(s)	Outdoor heat pump model number(s)	AHRI certificate number
Square footage of whole home: _____		Square footage of ADU (if applicable): _____
Total tonnage of heat pump or ductless heat pump _____		Number of indoor heads installed: _____

Electric space heat rebates

Thank you for your commitment to energy efficiency

Attach a copy of your paid installation invoice and purchase receipt for your installed product(s).

It must include: an installation date, installation address, brand, model number(s) of all rebated equipment (including the heat pump, air handler and/or coil model number on the invoice), and amount paid.

Sign the terms and conditions

I acknowledge that the product(s) described above have been purchased and installed at the location indicated. I understand that PSE provides rebate incentives for measures that are designed to save energy but I acknowledge that estimated energy savings are not guaranteed and I understand that PSE has made no express warranties or representations with regard to these products or their installation. I acknowledge that I am responsible for meeting applicable code requirements, determining the adequacy of installation, and paying all amounts owed to contractors/suppliers. Further, I understand that this is a tariffed service and is subject to change or termination without prior notice. PSE reserves the right to inspect any installation prior to rebate approval and/or after rebate payment and I agree to provide PSE reasonable access for such purposes. I authorize PSE to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and for other quality assurance purposes. The disclosure of your private information will comply with PSE's privacy policy and state regulation.

¹Single-family homes are defined as: A) homes built primarily at the location where the home is inhabited; B) standalone homes, or attached housing with four units or less. Additionally, for the purpose of this program, modular homes fall under this classification. Note that most homes that are not manufactured homes will fall under this classification.
