

# Lighting to Go

## Get instant discounts on efficient LED lighting

When your business invests in energy-efficient LED lighting, you can save a bundle with our Lighting to Go instant discounts. LED bulbs use around 80% less energy than incandescent bulbs and around 20% less than CFL bulbs. That can mean yearly energy savings of 70% or more, which is a bright bottom line.

### What you get

Lighting to Go instant discounts are applied at purchase, so there's no pre-approval or paperwork needed. Our instant discounts can cover as much as 80% of the purchase price for lamps and fixtures. Current offers are listed below.

### How you qualify

To be eligible for PSE's Lighting to Go instant discounts:

- Your business site must be within PSE's electric service area.
- All fixtures and lamps must be DLC listed.
- Downlights must be ENERGY STAR® listed.
- LED lamps must be purchased from participating lighting distributors, which are listed in the section below.
- Products receiving discounts through the Lighting to Go program are not eligible to receive incentives through other utility programs.
- PSE requires a site address at the time of sale for lamp sales of 51 or more and all fixture sales of any quantity. Available for existing structures only; new construction projects do not qualify.

### Participating distributors

PSE's Lighting to Go instant discounts are available at participating distributors. Use the QR code below to find a complete list of our distributors, organized by county. If you have questions, get in touch with us at [lightingtogo@pse.com](mailto:lightingtogo@pse.com).

Energy-efficiency programs like Lighting to Go support PSE's vision to reduce carbon emissions and create a cleaner energy future for all. Learn more at [pse.com/TOGETHER](http://pse.com/TOGETHER).
