

Custom Retrofit Grants

Earn incentives for energy-efficient retrofits

Our Custom Retrofit Grants program offers incentives for energy-efficient upgrades that are not covered by our suite of commercial energy-efficiency programs. If you're planning an upgrade outside the scope of those programs that demonstrates quantifiable energy savings, we may be able to help you pay for it with a custom retrofit grant.

Commercial customers who have benefited from these custom retrofit grants include schools, military bases, office buildings, grocery stores, manufacturing sites, museums and much more.

What you get

| Incentive type | Details | Maximum |
|-----------------------------|--|--|
| Custom retrofit incentives | Up to \$0.45 per kWh saved Up to \$8.00 per therm saved | Up to 70% of incremental project costs |
| Major equipment replacement | Up to \$0.45 per kWh saved Up to \$8.00 per therm saved | Up to 100% of eligible project costs |
| Operational and maintenance | Up to \$0.10 per kWh saved Up to \$2.00 per therm saved | Up to 100% of eligible project costs |

Use the QR code below for more details about our Custom Retrofit Grant incentives.

How you qualify

To be eligible for our Custom Retrofit Grants program:

- You must currently be a PSE business electric or gas customer.
- You must be pre-approved by PSE prior to the installation of all energy-efficiency improvement measures.

Please note: The following equipment is no longer eligible for a custom retrofit grant: air-cooled air conditioners; water-cooled and evaporative-cooled air conditions; air-cooled heat pumps (greater than 5.4 tons); water-cooled heat pumps; condensing storage and tankless domestic water heaters; and condensing domestic hot water boilers. For further details, use the QR code below.

How you apply

To get pre-approved for a custom retrofit grant:

- Complete the custom retrofit grant application, available using the QR code below.
- Please include any additional information that would help evaluate the project. This may include a project cost proposal, drawings, trend data, proposed equipment cut sheets and any energy-savings calculations you may have received.

Email your completed application and supporting documents, or any questions you have for us, to GrantApplications@PSE.com.

Energy-efficiency programs like Custom Retrofit Grants support PSE's vision to reduce carbon emissions and create a cleaner energy future for all. Learn more at PSE.com/PoweringGenerations.
