City, State, Zip \_\_\_\_\_

Plat Name: \_\_\_\_\_

Contact Name: \_\_\_\_\_

Contact Phone Number: \_\_\_\_\_

PSE Electric Work Order # : \_\_\_\_\_

Energized Date (PSE to complete): \_\_\_\_\_

Refunds are available for permanent service hook-ups made within five (5) years of the date on which electric distribution facilities installed are energized (Energized Date). Refund requests must be made within six (6) years of that time. All refund money will be sent to the owner specified on the New Plat Electric Service Agreement. The owner is responsible for making all refund requests. Providing complete and accurate information is essential to avoid delays in providing you with the refund. If you choose to provide PSE with accurate and complete information in electronic format, PSE can provide your refund on a quarterly basis. It is PSE's desire to provide you with prompt refunding. To aid in this process, please list lot numbers and service addresses for all refund requests. You can expect to receive your refund in approximately four to six weeks.

Send the completed information by email or mail:
