Explore the newest EV models with PSE's Electric Vehicle Guide

More than a dozen new electric vehicle models are expected to hit the market in 2022 – including long-awaited electric trucks – which means even more options for saving money and helping the planet by going electric.

Use the Electric Vehicle Guide from PSE Up & Go Electric to:

- Browse and compare the newest EV models to find the one that best fits your lifestyle.
- Calculate how much you can save through reduced fuel and maintenance costs.
- Find available federal and state rebates on EVs and home charging equipment.

We maintain our pipelines; you maintain yours

Some buried natural gas piping, such as piping to pools, hot tubs, barbecues, and detached buildings, is owned by you. We own and regularly inspect the pipeline to your gas meter, but maintaining buried lines on your side of the meter is your responsibility. If your piping is not maintained, it may leak or corrode. Have a licensed plumbing contractor do the inspection and any needed repairs.
