The latest news on what's powering our neighborhoods

## We're here to help: Increase your efficiency and lower your bill

We want our customers to have access to support when they need it most. That's why we offer a wide range of choices, tools and tips to help you manage your energy usage and bills. We also offer a range of bill assistance programs for customers that need a little extra help.

Rebates on home weatherization upgrades, like insulation and duct sealing

Rebates on energy efficient home appliances

PSE Flex programs – get rewarded for adjusting your energy use

Bill assistance

## Winterize your home and seal in savings!

In cold winter weather, a well-insulated and sealed home will help reduce heat loss, cutting energy costs and keeping your home more comfortable. You can save up to 95% on weatherization projects with PSE's rebates. The process doesn't need to be stressful, either! You'll work with a PSE-approved contractor who not only will provide exceptional service, but also assist in finding and applying for all the rebates you qualify for, ensuring that you maximize your savings.

## We maintain our pipelines; you maintain yours

Some buried natural gas piping, such as piping to pools, hot tubs, barbecues, and detached buildings, is owned by you. We own and regularly inspect the pipeline to your gas meter, but maintaining buried lines on your side of the meter is your responsibility. If your piping is not maintained, it may leak or corrode. Have a licensed plumbing contractor do the inspection and any needed repairs.
