Provide your account, name, address, and home information:

PSE account number (12 digits)
Name of primary account holder:
Full service address
City, state, zip mailing address (if different)
City, state, zip
Daytime phone
Email address

1. Primary heat source is provided by PSE electric or PSE natural gas service.
2. PSE customer living in an existing single-family property or attached housing with four units or less, permitted and built before 1990.
3. Customer must receive a PSE-approved home performance assessment using an independent PSE-Qualified Specialist, prior to completing energy efficiency upgrades in the home.
4. Customer must provide a copy of the home performance assessment report with the rebate application, may include pre and post report.
5. Customer must implement at least three PSE-rebated energy-efficiency upgrades using a PSE-referred contractor where required.
6. Customer must identify the applicable energy efficiency upgrades on the rebate application form.
7. Customer must provide a paid invoice for the home performance assessment and / or energy efficiency upgrades completed, where applicable.
8. Customer must receive safety tests on applicable energy efficiency upgrades, or a home performance assessment after the energy efficiency upgrades have been completed.
9. Applies to PSE-approved home performance assessments completed after January 1, 2017.
10. All energy efficiency upgrades, safety tests or post completion home performance assessment, and rebate application must be received by PSE by December 31, 2017, to be considered for a rebate.
11. Rebate application must be submitted within 30 days of completion of energy efficiency upgrades.
12. Limit of one rebate per qualifying customer.
13. Installations must comply with all federal, state and local code requirements.

Terms and conditions:

I acknowledge that the product(s) described above have been purchased and installed at the location indicated. I understand that PSE provides rebate incentives for measures that are designed to save energy but I acknowledge that estimated energy savings are not guaranteed and I understand that PSE has made no express warranties or representations with regard to these products or their installation. I acknowledge that I am responsible for meeting applicable code requirements, determining the adequacy of installation, and paying all amounts owed to contractors/suppliers. Further, I understand that this is a tariffed service and is subject to change or termination without prior notice. PSE reserves the right to inspect any installation prior to rebate approval and/or after rebate payment and I agree to provide PSE reasonable access for such purposes. I authorize PSE to release my customer account information, including my billing and energy usage information, to an independent, third-party evaluator solely for the purposes of evaluating this rebate program, confirming energy savings and for other quality assurance purposes.
