

# The Powerful Partner program

Are you looking for ways to make a difference in our region and communities by supporting renewable energy and the environment? Well, now until the end of 2017, your enrollment also provides a cash donation to one of the local non-profits participating in PSE’s Powerful Partner program.

## How it works

Sign up for one of PSE’s renewable energy programs (Green Power and/or Solar Choice) and PSE will **donate \$20** to the partner organization of your choice. If you sign up for both programs, PSE will **donate \$30** to the partner of your choice.

## It’s easy!

- Enroll on the attached page ([pse.com/enroll](http://pse.com/enroll)), by selecting the PSE renewable program of your choice. You can choose to match 100% of your monthly energy usage, which averages around \$10 per month, or just a portion for as little as \$4 a month.
- Then enter the code for the partner organization you’d like to support in the “referral code” space on the enrollment form. Once you press submit, we will make a donation to that organization on your behalf.
